

Dear Colleagues:

The Entrepreneurial Group LABIOFAM under the auspice of Pan-American Organization of the Health, Ministry of the Agriculture, Ministry of Science, Technology and Environment, Ministry of Public Health of Cuba and Institute of Tropical Medicine Pedro Kourí, organize the International Congress LABIOFAM 2010 and the I Symposium of Natural Products in the Therapy against the Cancer that will take place from September 28th to October 1st, 2010 in the Palace of Conventions, Havana, Cuba.

We invite you to share with us in this important event, that it has the purpose of strengthening the exchange among specialists from different geographical areas and where you will be able to appreciate the dimension of the Contemporary Biomedical Sciences.

It will be a pleasure to welcome you in Havana to meet each other, to share the working days and scientific exchange and enjoying the hospitality of our people.

Dr. José A. Fraga Castro
President of the Organizing Committee.

Scientific Program

President: Ing. Isbel González Marrero

Tel: (53 7) 684 9658

Fax: (53 7) 683 0326

E-mail: labiofam2010@infomed.sld.cu

Participants' profile:

With the purpose of promoting the widest exchange of experiences on the topics to discuss, we summon Investigators, professors, professionals, technicians, students, organizations and companies similar or related with the investigation, development, production and commercialization of medicaments for veterinary use, biological pesticides for the control of vectors, as well as of registered natural products as nutritional supplements, probiotics for human use.

Scientific Program:

The Scientific Program of the Event will be developed in different modalities. Masterful conferences will be given by experts of well-known prestige, in the national and international sphere about current aspects of interest that will give bigger relevance to the Congress. The development of symposia is also foreseen, round tables, presentations in posters and oral presentations.

Main Topics:

Animal health: therapy and prophylaxis.

- Development of veterinary products
- The molecular biology in the veterinary vaccines
- Bioethics in Biopharmaceutical productions
- Clinical pathology
- Veterinary Parasitology
- Animal reproduction
- Experience in the use of pharmacological products in the veterinary medicine
- Animal well-being
- Homeopathic products

Natural products: an alternative for the human health

- Nutritional supplements
- Etnomedical uses in the medicine
- Pharmacology and toxicology
- Chemical-analytic studies and technological development

- Clinical studies
- Homeopathic products

Integral programs for prevention and control of transmitting vectors of illnesses

Symposium: Experience in the control of epidemics with the employment of biological methods

- Sanitary education, community participation and their impact in the environment
- Strategy of antivectorial control when natural disasters happen
- Antivectorial campaign in the primary health care
- Systems of entomological surveillance and geographical information
- Development of new products

Prebiotics and probiotics

- Development of foods
- Application in the animal and human health

Presentation of summaries:

The summaries will be sent by e-mail to the Scientific Committee labiofam2010@infomed.sld.cu in digital format, before April 30th, 2010. The summary won't exceed the 250 words, letter type "Times New Roman" 12 points to simple spacing in letter size. The structure of presentation of the summary is: title of the work (in capital and bold type), author(s), institution, complete address, city, country. The Scientific Committee of the I CONGRESS LABIOFAM 2010 will inform the acceptance or not of the works, without excluding the possibility that the author(s) participates as delegate(s). The Scientific Commission will define the forms of presentation of the works.

For the presentation in poster, a space of 1.20 x 0.80 meters will be available. It is to the author's decision the aesthetics of the same one and it will include the following visible parts: Title, author(s), introduction / objectives, materials and methods, results and conclusions.

Official Languages

Spanish and English.

Registration:

Professionals: 250.00 CUC
Students*: 150.00 CUC
Companions: 70.00 CUC

* Only for university students, previous presentation of a letter that credits it, properly signed and with the stamp of the address of the relative educational institution.

The inscription fee includes:

Professionals and university students: credential, free entrance to the scientific sessions of the Congress, portfolio with the documentation (Scientific Program, CD-ROM, note pad and pen), certificate of attendance and/or author

Companions: credential, participation in the opening and closing ceremonies, souvenir and social activities.

Payment forms

The payment of the inscription fee will be carried out in Cuba in the moment of the accreditation and will be in CUC (Cuban Convertible Peso), official currency of the country, this can be acquired from your arrival to Cuba in the International Airport "José Martí", hotels, banks and bureau de change (CADECA), from Euro, Canadian dollar, American dollar, Sterling pounds, Swiss francs and yen, according to the international exchange rate of the day with regard to the American dollar.

In Cuba the credit cards VISA, MASTER CARD, EURO CARD, CABAL are accepted provided the head office is not American.

For further information on the conversion of the CUC currency, please visit the Metropolitan Bank website: <http://www.banco-metropolitano.com>

Associated exhibition

In parallel with the Congress a commercial scientific exhibition will be carried out in the "Grand Foyer" of the Palace of Conventions in which the institutions, research centers, companies and specialized firms will have an exceptional occasion to expose their results, equipment, materials, literature and other, related with the topics of the event.

The price of the interior modular stand mounted is of 100.00 CUC per m² with a minimum of 9 m², this covers the whole period of exhibition.

The interested people should send the request to:

Raúl González Castro (raulg@palco.cu), Professional Organizer of Fairs and Exhibitions.
